5. PLAN REVIEW REQUIRED

See below for plan review requirements before completing this section. Plans and specifications must be submitted when the wiring or alteration to an electrical system is over 400 amps and is in excess of 3,500 sq ft in all buildings.

What is the rating of the service or feeder in ampere? _____ What is the building size in sq. ft? _____

Have plans been submitted? _____ yes _____ no _____ not required

Plans are required for all building types and shall be prepared by or under the direct supervision of an architect or engineer licensed pursuant to Act No. 299 of the public Acts of 1980, as amended, and shall bear that architect's or engineer's signature and seal, except:

1. When the electrical system rating does not exceed 400 amps and the building is not over 3,500 sq. ft. in area.
2. Work completed by a governmental subdivision or state agency costing less than \$15,000.00.

Plans must be submitted before a permit can be issued.

6. HOMEOWNER AFFIDAVIT

I hereby certify the electrical work described on this permit application shall be installed by myself in my own home in which I am living or about to occupy. All work shall be installed in accordance with the Electrical Code and shall not be enclosed, covered up, or put into operation until it has been inspected and approved by the Electrical Inspector. I will cooperate with the Electrical Inspector and assume the responsibility to arrange for necessary inspections.

7. APPLICATION SIGNATURE BY HOMEOWNER/CONTRACTOR

Section 23a of the state construction code act of 1972, 1972 PA 230, MCL 125.1523A, prohibits a person from conspiring to circumvent the licensing requirements of this state relating to persons who are to perform work on a residential building or a residential structure.

VIOLATORS OF SECTION 23A ARE SUBJECT TO CIVIL FINES

Signature of Homeowner/Contractor(owner signature indicates compliance w/Section Please Print Applicant Name(not company name)

Signature of Electrical Official (Inspector)
